We are off to a good start, but we still need your gifts to help secure the promise of making financial assistance and scholarships a reality for as many as possible. We not only need your monetary gifts, but also your gifts of time and talents, especially those of you who may have talents in sewing, to help build new costumes. This will help us to not limit the opportunities of casting the production with the constraints of costume size. Meaning, “You would do well in this part, but we don’t have a costume to fit you.” Thank you in advance for your gifts!
